

How Can I See Who Viewed or Liked My Moment?

Here’s how to check:

Curious about who’s engaging with your moment? On Currently, you can easily see who reacted, who viewed, and how your moment is performing — all in real time.

Step 1: Go to Your Profile

- 1. Tap your profile icon in the bottom navigation bar
- 2. Scroll to view your recent or past moments
- 3. Tap on the moment you want to check

Step 2: View Engagement Stats

Once you open your moment, you'll see:

Section	What It Shows
Views	The number of users who viewed your moment (some may appear anonymously)
Reactions	List of users who reacted with emojis (plus the emoji they used)
Comments	Any public comments left by other users

See Who Reacted

- ☐ Tap on the reaction icons below your moment
- ☐ A list of users and their chosen emojis will appear

This helps you know who resonated with your vibe the most

Can I See Who Viewed My Moment?

- Some viewers may appear as anonymous depending on their privacy settings
- You'll always see a view count, and in many cases, usernames will be visible

We're all about transparency, but we also respect user privacy.

What About Notifications?

You'll receive notifications for:

- Every reaction you receive
- Every comment made on your moment
- New followers or subscribers who discover you through that moment

Summary

Engagement Type	Where to See It
Views	On the moment itself → shows count and some usernames
Reactions	Tap reaction icons → see who reacted and which emoji
Comments	Visible directly under the moment
Notifications	Alerts for reactions, comments, and followers

Your Moment, Your Impact

Moments are more than posts — they're real-time expressions of who you are. Seeing who engages helps you understand what resonates, build better connections, and grow your presence.
