

How Can I See Who Is Doing What Around Me on the Map?

Here's a user-friendly Help Center article for:

The Currently Map is your real-time window into the world around you
See exactly who is doing what, nearby — and connect instantly.

How to Open the Map

1. Open the Currently app
2. Tap the Map icon (usually at the bottom or top of the screen)
3. You'll see a live map with pins representing people nearby

What Do the Pins Mean?

Each pin = someone who just posted a Public Moment with location turned on.

- Tap a pin to see:
 - o Their photo/video/text Moment
 - o Their profile info
 - o When they posted it (e.g. "3 mins ago")

You'll know exactly what's happening around you right now.

What Can I Do with a Pin?

- Tap the Moment to view it fully
- Swipe up to like, comment, or follow the person
- Explore pins around your location or anywhereelse

Zoom in/out or drag the map to explore new areas.

Why Can't I See Someone on the Map?

A person's Moment won't show on the map if:

- It was posted without location

- It was set to “Followers Only”
- They have disabled Map sharing in their privacy settings

Why Use the Map?

- Discover nearby events, moods, or hangouts
- Find people with similar vibes
- Explore what’s trending — naturally, in real-time

No filters, no fakes — just real people doing real things.
