

How do I share a moment on Currently? Here's a step-by-step guide to sharing your moment with ease: Sharing a moment is the heartbeat of the Currently app — it's how you let others know *what you're doing right now*, in the most authentic and unfiltered way. Whether you're chilling at a café, working late, dancing at a party, or just enjoying a quiet sunset — your moment matters.

Step 1: Tap the '+' Button

- Open the Currently app. Tap the '+' icon at the center bottom of your screen.

This opens the "Share a Moment" screen — your personal space to capture what's happening right now.

Step 2: Choose How You Want to Share Your Moment

Compulsory Elements (at least one required to post):

You must include either:

- Photo or Video
Capture a live photo or video (no uploads from gallery) to show your current vibe in the realest way possible.

OR

- Activity Pick from a wide range of activities to describe what you're doing, like: *PlayingFootball, AttendingaSeminar, Gyming, Cooking, WatchingaMovie, Hanging Out, etc.*
-

Optional Elements (add to enrich your moment):

- Check-In
Tag your current location — a café, park, office, gym, home, or any place you're at. This helps people discover you geographically and adds context to your moment.

- **Timer** Add a time duration (e.g., 15 mins, 2 hours) to show how long you plan to be engaged in this activity. It brings your moment to life with a countdown.

People

- Tag friends or anyone around you. Whether you're with one person or in a group — this builds community and sparks social discovery.

Caption

- Say something about your moment — whether it's a thought, a quote, a

status, or just your mood. Make it *you*.

(*No need for filters, fakes, or fancy lines — just your true vibe.*)

Step 3: Post It Instantly

Once your moment is ready:

- Tap 'Post'
- That's it — your real-time moment is live!

Your moment will:

- Appear on your Profile Instantly notify your Subscribers Be visible to
- your Followers Reach new people via Discover — based on your
- moment's quality,
-

timing, and engagement

Bonus Tips for Powerful Moments

- Be *timely* — post when it's actually happening
- Be *authentic* — show what you really feel, not what looks perfect
- Be *engaging* — use captions, locations, and tag friends for a stronger connection

The more real and interactive your moments are, the more people will connect, follow, and engage with you.
