

Which Social Features Currently has?

Here's a quick overview of the core social features available on the platform:

Currently is more than just a moment-sharing app — it's a real-time social network designed to connect you with people, places, and activities in the most genuine way.

1. Following & Followers

- ☐ Follow someone to see their real-time moments
- ☐ Your followers can view your public or follower-only posts
- ☐ Private accounts must approve follow requests

2. Subscribe

- ☐ Subscribers get instant notifications every time you post a moment
- ☐ Ideal for creators, friends, or fans who want to stay updated in real-time

3. Chat

- ☐ Direct message with any user you follow
- ☐ Share text, links, and reactions
- ☐ Respect-based: blocking/reporting is easy if needed

4. Reactions & Comments

- ☐ React to moments with emojis to show real-time appreciation
- ☐ Add comments to join the conversation or ask questions
- ☐ All interactions are visible under each moment

5. Check-Ins

- ☐ Tag your current location (e.g., a café, gym, or event)

- Each check-in becomes a forever footfall for that place
- Helps users discover where you've been — it's modern word of mouth

6. Map

- See who's doing what and where — live
- Explore real-time pins from users around you
- Discover new places through authentic content shared by others

7. Search

- Find people, places, or trends using the universal search bar
- Explore what's happening in real-time, by location or keyword

8. Badges & Streaks

- Earn streak badges for consistent posting
- Unlock follower, like, and view badges based on your activity
- Gamify your social journey and build momentum

9. Public Feed (Discover)

- Explore moments from across the world
- Content shown is based on C-Rank: quality, engagement, and recency
- Helps you connect with interesting people beyond your circle
