

How Does the Streak System Work?

The Streak System rewards you for being *real* and *consistent*. Post a Moment every day, grow your streak, and unlock fiery badges, bonus coins, and bragging rights!

What is a Streak?

A streak begins when you post at least 1 Moment a day.

Daily posting = Streak goes up

Skip a day = Streak resets to your last unlocked milestone (not to zero!)

Example:

- You reach a 48-day streak
- Miss 1 day = Streak drops back to 25 days
- You don't lose all progress, only the gap from your last badge!
